FOR IMMEDIATE RELEASE

Project and Resource Management Come Together with Easy Projects .NET
New update introduces innovative resource management functionality, greatly improving
web-based enterprise project management tools.

Toronto, Canada -- August 18, 2009 -- Logic Software Inc., provider of web-based all-in-one project management software, announced today the launch of [Easy Projects .NET](http://www.easyprojects.net) Version 6.1, an update to its leading Web 2.0, Ajax-based project management and collaboration software, available immediately at www.easyprojects.net.

[Easy Projects .NET](http://www.easyprojects.net) Version 6.1 adds rich Resource Management functionality to an already comprehensive, all-in-one project management module set which includes Online Collaboration, Timesheets, Issue Tracking and Change Request Management.

With the introduction of [Easy Projects .NET](http://www.easyprojects.net) Version 6.1, managers and project team members can take full advantage of features such as:

- Vacation Planning
- Personal and Company Schedules
- Resource Balancing

“Over the past few months we have seen a growing industry-wide demand for more powerful resource management capabilities within project management tools.” said Vadim Katcherovski, CEO of Logic Software Inc. “We closely listen to our clients’ feedback and after assessing their needs, we have released [Easy Projects .NET](http://www.easyprojects.net) Version 6.1 which offers very rich and innovative resource management features, improving our clients’ abilities to administer their resources and meet project deadlines.”

Available as a FREE update to all hosted accounts, new and current Version 6 users and up-to-date Gold Subscription support package holders, [Easy Projects .NET](http://www.easyprojects.net) Version 6.1 also features:

- SSL Support for Email Notifications
- Improved API
- A number of usability Improvements

Full list of [Easy Projects .NET](#) Version 6.1 [features](#), [FREE Trial Sign-Up](#) and a Feature Video Tour are available at www.easyprojects.net

[Easy Projects .NET](#) is available as a hosted solution starting at \$24.99/month per user or less. Full [pricing information](#) is available at www.easyprojects.net
